- Color combinations 1-20 are fully reversable, i.e. either color can be used as the body, or trim color.
- For color combinations 21-30, the accent color must be used as the trim, and the neutral color as the body
- All color combinations listed above are based on "Sherwin Williams" colors. If you are color matching a color combination with another manufacturer's paint colors, simply indicate which Combination # you are using, on your submittal
